Thank you for considering our school for your child's primary school education. We pride ourselves on the programs we deliver and the success we experience.

Broadmeadows Primary School will provide a quality education to all children in a supportive environment; an education that is engaging, challenging, motivating and inspiring.

As a means of managing the exceptional growth in our student population an enrolment ceiling has been introduced based on a neighbourhood zone and a maximum number of student enrolments, determined by the size of our buildings and grounds

Where there are insufficient places at the school for all students who seek entry, students will be enrolled in the following order:

- Students of whom the school is the designated neighbourhood school
- Students with a sibling at the same permanent address who are attending the school at the same time.
- All other students in order of the closeness of their home to the school

We will take applications from families outside our neighbourhood, but cannot guarantee that they will be successful, and therefore strongly encourage them to also apply for their nearest neighbourhood school/s.
